SAMPLE 1

Dear Governor Lamont,

This year is the 50th anniversary of Earth Day. Every day, every year, our earth needs our care and attention. That's why I'm writing to ask for you to continue to fight for our environment by stopping construction of a new fossil fuel power plant in Killingly.

Thank you for your attention to our environment.

Sincerely,

Your name and address

SAMPLE 2

Dear Governor Lamont,

Thank you for your leadership during this very challenging time for the people of our state and the world. I hope this crisis abates soon, and when it does that you will address another issue facing our residents - the possibility of a new fossil fuel power plant in Killingly. Please help stop this power plant and continue your efforts towards carbon-free electricity in our state.

Thank you and take care,
